Package: crecs  
Type: Package  
Version: 0.0.1  
Title: quantitative species distribution modelling  
Description: modelling framework for quantitative species  
distribution  
modelling with helper functions for cross validation, null  
models and  
whatnot  
Author: Jan M Holstein  
Maintainer: Jan M Holstein<janmholstein@gmail.com>  
Authors@R: c( person("Jan", "Holstein", "M" ,  
"janmholstein@gmail.com",  
c("aut", "cre", "cph")) )  
Depends: sp, rgdal, gdata, minerva, spdep, raster  
Suggests: randomForest, dismo, mgcv, gbm, rJava  
License: GNU Affero GPL (>= v3.0)  
LazyData: Yes
