

COVER LETTER

Application for Prior Informed Consent for collection and / or acquisition of Genetic resources for research purpose and related activities

Please note that you will need to obtain a Prior Informed Consent to enter Greenland in order to take samples. Additionally, depending on the type of research you are planning to do, you may need to obtain additional permits.

Rulings

The Greenland Parliament Act no. 3 of 3 June 2016 on the use of genetic resources and related activities, require that in order to get **access** to genetic resources in Greenland a Prior Informed Consent should be applied.

When entering into commercial research or transfer of the genetic resource etc. a Mutually Agreed Terms should be negotiated.

The Greenlandic legislation is based on the principles in the Nagoya Protocol.

Application

Please send the application and the signed statement of truth by e-mail: ISIIN@nanog.gl

If the application is authorized, the Prior Informed Consent and the terms and conditions of the Prior Informed Consent will be sent to the applicant. **No survey or collection is allowed before the Prior Informed Consent has been issued.** Any breach of this could initiate sanctions according to section 26 in The Act on Genetic Resources.
